Ustad Nishat Khan is one of the most exciting *sitar* players of India today, blending an incredible technique with beautiful lyricism. Nishat Khan is the eldest son of the distinguished *sitar* player Ustad Imrat Khan. His uncle the legendary late *sitar* maestro Ustad Vilayat Khan, achieved almost mythical status on the instrument. Nishat Khan is renowned and acclaimed throughout the world. His performances have been received with great enthusiasm among international audiences, bridging the gap between East and West through the language of music. Nishat Khan is accompanied on *tabla* by the UK-based rising young star – Shahbaz Hussain Khan.
